## The next steps for financial aid

Even after you've applied and been accepted to college, there's still a lot of work to do to make your final decision and get ready. You'll want to consider what financial aid is available at the colleges you're considering, and you'll want to decide if you want to live on campus or commute. Of course, once you decide on a college, you'll need to register as a new student, attend orientation, and enroll in classes.

#### Paying for college

Beginning October 1<sup>st</sup>, you can complete the Free Application for Federal Student Aid (FAFSA) online. You need to complete the FAFSA to be considered for grants, work-study funds, student loans, and many scholarships, so this is a very important step. You and/or your parents need to complete parts of the application, which will require data from either your or parents 2020 federal tax return. Complete the FAFSA as soon as possible, the earlier you submit the application the better chance you have of receiving your best financial aid award.

#### Resources for Completing the FAFSA
